

SPACE+ CONVENIENCE

Are you in need of additional secure and convenient storage space? Space+'s over-bonnet storage units make use of the unused space in your garage by providing extra storage right above the bonnet of your car.

SPACE+ QUALITY

Designed to fit international standard parking bays and adhering to building compliance requirements, Space+ expands the storage capacity of your garage without losing valuable parking space. Constructed from 100% recyclable steel, your Space+ unit comes with a 2 year unconditional guarantee and is available to buy or rent with flexible payment options and a money back guarantee.
